

Govt Access to IEEE 15288.1 and 15288.2

- **IEEE 15288.1 and 15288.2 are currently available at no charge to DoD military and civilian employees via ASSIST, the DLA-sponsored database for DoD specifications and standards.**
- **DoD military and civilian employees may view, download and print these standards for personal use, but may not further copy, prepare, or distribute copies of the standard, or significant portions of the standard, subject to the terms of use of the standard.**
- **Directions for accessing standards through ASSIST:**
 - Request an ASSIST Online account if you don't have one; can take 5-8 business days to receive approval: <https://assist.dla.mil/online/start/>
 - Once your account is approved, log into ASSIST using your CAC.
 - Enter 15288 into the Doc ID box to bring up the two 15288 records. Select the hyperlink to either one of the records, 15288.1 or 15288.2. Then within the "Responsibilities" block, the last line states "Available From: Click here for information on where to obtain this document." Click the hyperlink at "Click here"
 - There will be a hyperlink to the standard right below where it says "DoD users may view/download this standard here:"
 - Repeat for the second standard.
